

# Download the ANA Events App

The ANA Events app is the official app for all ANA national industry conferences, giving you mobile access to the full conference agenda, Q&A, in-app networking with attendees, event-only social networking, and more.

Download now in the App Store (for iOS devices) or Google Play (for Android devices).

Please note that this is a new app. If you used ANA's event app for events before 2021, you would need to download the new app.

## LOGGING INTO AND USING THE ANA EVENTS MOBILE APP

If you have not previously signed into the ANA Events app, you will need your email address that you registered with and your order number, which can be found on your confirmation email. When it asks for the order number you will need to put the letters **ANA** plus the number....so if your order number was 123456 from your confirmation it will be **ANA123456**.

Please be sure to turn on app notifications to be kept up to date on any last minute timing or agenda updates.

## NEED SUPPORT DURING THE CONFERENCE?

Email our team at [streaming@ana.net](mailto:streaming@ana.net) or directly from the platform or app.

## Q&A

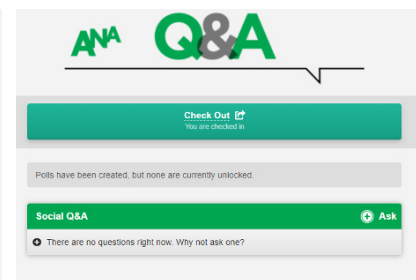

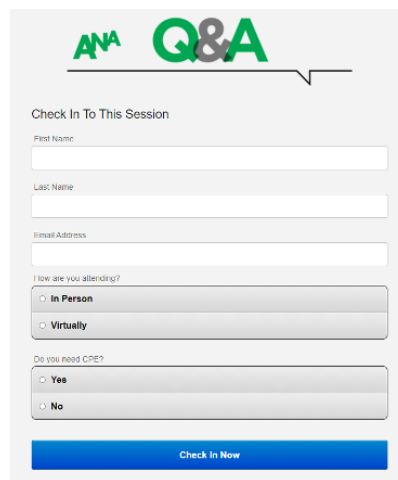

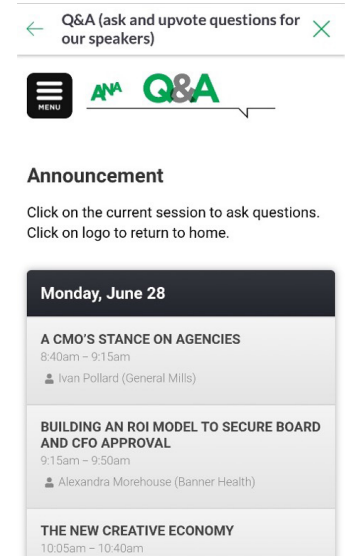

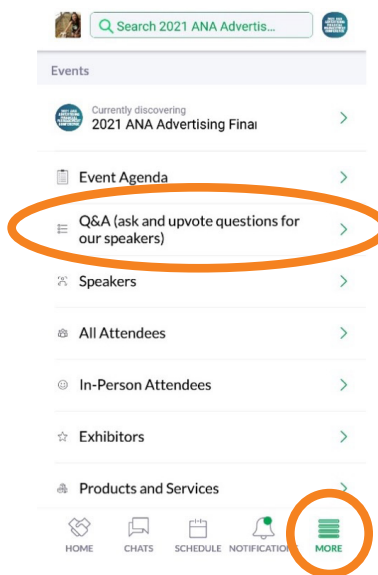

This can be accessed by clicking on the hamburger more button at the bottom of the app and then clicking on the Q&A navigation item or go directly to [ana.cnf.io](http://ana.cnf.io). You will click into the current agenda item to ask questions.

Check in is required in order to submit questions. Click on the session, provide the required information (you'll only have to do this once), and click **Check In Now**.

Ask questions during the sessions to have speakers answer in real-time.

Don't forget to check out before proceeding to the next session by clicking **Check Out**.

***The poll questions are for virtual attendees only and can be ignored if you're attending in person.***

### ***NOT SUBMITTING ANY QUESTIONS BUT STILL WANT TO EARN CPE CREDITS?***

*Please stop by the ANA registration desk to have your badge scanned at the start and conclusion of each day.*
